

**LA JOLLA DEVELOPMENT PERMIT REVIEW COMMITTEE**  
**LA JOLLA COMMUNITY PLANNING ASSOCIATION**

Meeting Agenda – Tuesday Dec 10, 2019 – 4:00 pm  
La Jolla Recreation Center – 615 Prospect Street, Room 1  
La Jolla, California

- 
1. *Public comments are an opportunity to share your opinion with the committee members. Comments should not be directed at the applicant team*
  2. *Plans are available for in-depth review by contacting the project manager at the city's Development Services Department before the meeting.*
  3. *Public comments will be strictly limited to 2 minutes per person. Please review the following meeting minutes. If another member of the public has already said the same thing tonight or at a previous meeting, please move on to new information. It is not necessary to repeat previous comments.*
  4. **Applicants:** *Please present your project as succinctly as possible. Speak clearly and CONCISELY.*
- 

**1. NON-AGENDA PUBLIC COMMENT**

---

**2. APPROVAL OF MEETING MINUTES**

- Meeting Nov 19, 2019
- 

**3. FINAL REVIEW 12/10/2019**

Project Name: La Jolla Mesa – 5911 La Jolla Mesa  
Permits: CDP/SDP  
Project No.: 639439 DPM: Xavier Del Valle  
Zone: RS-1-2 Applicant: Tripp Bennett  
Project Info: <https://opensd.sandiego.gov/Web/Projects/Details/639439>

LA JOLLA - (Process 3) Coastal Development Permit and Site Development Permit for an addition to an existing 4,135 SF one-story single family residence over a basement at 5911 La Jolla Mesa Dr. The scope includes construction of a 1,175 SF master suite to the existing home, and a 907 SF companion unit over a basement. The 0.77-acre site contains ESL, and is in the RS-1-2 Zone and the Coastal (Non-APP. 1) Overlay Zone within the La Jolla Community Plan Area, and Council District 1.

**8/13/2019 – APPLICANT PRESENTATION**

- The applicant requested to record this meeting. (no objection, applicant will share recording with Julie Hamilton)
- Building permit in place for existing one story, Active CCRs in place, CCRs don't allow second floor so project has to go out. Some back and forth with CCR jury, current clients have kids and

want that extra footprint and accessory building. These were on the plans approved by CCR jury. They went back again to CCR jury and they were approved again.

- Site drops away from the street level.
- Addition at basement level. Single story at street level, then basement walk out and extends as single story at lower area where no floor above.
- FAR .21, 6,906 gross (includes all basement area), 33,815 lot size
- Roof deck from main street level, over extension of basement
- Detached companion unit even though no kitchen.
- Wood siding shingles and stone.
- Nothing proposed is taller than existing as viewed from neighborhood/street

#### **8/13/2019 – PUBLIC COMMENT**

- Julie Hamilton:
  - Portion of these lots is designated parks and open space, need to see boundary before anything else.
  - Requested no roof deck of applicant, if done, requested cable or glass rail.
  - Companion unit is now 8' taller than previously reviewed
  - Serial permitting is a concern
  - Concerned about their private views being blocked.
  - Months of review and concerned if there are changes, would like more time to review.
  - Previously, there was good communication, recent activity has had less communication.
  - Serial permitting even if a CDP still requires excess burden on neighbors
- John Frangos
  - LLC has owned this property since April 2016
  - Hillside review zone across my lot (per existing plans) would like to know where that line continues on subject property
  - CCRs/HOA: original plans were reasonable, then some more, then some more. Feb 2018 approval letter from CCR review, some elements have shifted since then.
  - Request story poles for latest revision of cabana.
  - Pool has risen in height, requires massive earth movement. 11' higher?
  - Would like to know more about drainage
  - Concerned about roof deck

#### **8/13/2019 – COMMITTEE DISCUSSION**

- See deliverables only

#### **8/13/2019 – DELIVER FOR NEXT TIME**

- Land use open space designation boundary
- Hillside Review boundary
- Satellite image wider
- Cross section to demonstrate recent grading
- Section showing 6' solid front wall proposed
- Do not want to see HOA/CCR issues unless tied to staff cycles.
- Layman's exhibit on drainage

#### **8/20/2019 – APPLICANT PRESENTATION**

- Clients are here today.
- Reviewed requested Deliverables

- Open space boundary (planners say to default to ESL, city will request a covenant of easement. “red” Overlay confirming line for ESL. Development within 5’ proposed ESL line.
- Hillside Review defers to “Steep Hillside” based on 25% for 50 feet or taller or 200% slope 10’ tall.
- Reviewed satellite views
- Site sections: towards street and each longitudinal with neighboring homes shaded in. nothing proposed taller than street level. All down hill.
- 6’ solid wall replaced with 3’ solid rock and 2’ open on top. This is new and needs to go through CCR committee although less than previous. Trying to mimic neighbor. Wall is 2’ back from PL with 2’ planting.
- Drainage: Collect and route to rip rap dissipator. Discharging to landscaped area.

#### 8/20/2019 – PUBLIC COMMENT

- Julie Hamilton:
  - Development should minimize disturbance to hillside. Worried about natural features.
  - 10’ between deck and edge of ESL. Building is further out than neighbor’s buildings.
- Kiara O’Shea (owner): grade was going to hinder wishlist. Pool at grade would be 20’+ down from main house. Would not be used. Want to look for long-term livability.
- JohnFrangos: CCR approved plans have pool and cabana, it was fine with me. It was 5’ lower. Disagrees with city determination of where open space line occurs.
- Stacy Kanaan: CCR juror and neighbor. Architect has been cooperative up until ... discussion of CCR approvals and private view concerns. Concerned about scale of project and harmony with neighbors. Will there be some way for neighbors to talk about it with applicant team?
- Ziegfried Reicht: what if everyone did that? No other structures go out that far
- Julie Hamilton: Began in 2016. Changes were being made and did not know until 11<sup>th</sup> hour. Would like to resolve this between neighbors.

#### 8/20/2019 – COMMITTEE DELIBERATION

- Leira: consider less solid and more open front wall/fence.
- Leira: can you add pervious pavers around pool? (applicant’s engineer: They are problematic)

#### 8/20/2019 – DELIVER FOR NEXT PRESENTATION

- Discuss issues with neighbors
- Look at alternative to fit within slope like lowering the pool and cabana.

---

#### 4. PRELIMINARY REVIEW 12/10/2019

Project Name: 5421 Bellevue Ave LLA  
Permits: CDP  
Project No.: 558873 DPM: Xavier Del Valle  
Zone: RS-1-7 Applicant: Bright  
Project Info: <https://opensd.sandiego.gov/Web/Projects/Details/558873>
